PROFESSIONAL SUMMARY

UI/UX Designer with 2+ years of experience designing user-centered web interfaces and digital products. Skilled in user research, information architecture, wireframing, prototyping, and usability improvements. Experienced in collaborating with developers and product teams to deliver intuitive, responsive, and visually engaging user experiences. Proficient in Figma and front-end fundamentals including HTML, CSS, and basic JavaScript.

PROFESSIONAL EXPERIENCE

Stan Ventures — Executive UI/UX & Graphic Designer
08/2024 - 02/2026 | Remote

Key Responsibilities

Designed user-friendly web interfaces, landing pages, and digital assets across **3+ web projects**, improving navigation clarity and user engagement by **25%** across **500+ monthly users**. Created **user flows, wireframes, and high-fidelity UI prototypes using Figma**, reducing design iteration time by **20%** and improving design efficiency. Conducted **UX analysis and usability improvements**, enhancing information architecture and increasing overall user experience effectiveness by **30%**. Collaborated with developers for **design-to-development handoff**, maintaining consistent UI design systems and reducing implementation inconsistencies by **20%**.

KEY PROJECT

MicroRentals Website UX/UI Redesign - microrentals.com.au

Conducted **UX audit** to identify usability issues
Created **user flows, wireframes, and high-fidelity UI designs in Figma**
Improved **information architecture and navigation structure**
Designed **responsive layouts and interactive prototypes**
Delivered **developer-ready design handoff**

Impact:

Improved website navigation and content clarity through structured UX redesign, resulting in a **28% improvement in user engagement and browsing efficiency**.

Design Process

Research → Define → Ideate → Wireframe → Prototype → Test → Iterate
